I bought the AS 1200 because we maintain several large gardens where we often have to work at heights. I am very satisfied with this purchase. Mainly because of the time savings and more effective treatment of espaliers.

Application details

Result / conclusion of Toon Cools:

- The advantage of the AS 1200 lies in its efficiency (time saving).
- The AS 1200 is used for espaliers.
- Larger trees can be easily sprayed from the ground.
- Better leaf coverage with the product.
