

AS 1200 with REC 15

AS 1200 Testimonial – PCO

User:

Jan Sampermans

Sampermans

In the past we had to treat the ceilings of our garden center with an aerial platform (6 meters). Now that we use AS 1200 we save a lot of time.

Application details

Device:	AS 1200 with REC 15
Nozzle:	AITXA 8002 VK (yellow)
Airspeed level:	3
Pressure REC 15:	4 bar
Spray liquid:	Bio-kill
Area:	150 m ²
Spray liquid consumption:	ca. 5 liters

Result / conclusion of Sampermans:

- Very good overall impression of AS 1200.
- I can quickly precisely specifically treat the high ceilings of my garden center against spiders and flies.
- We need about 40% less spray liquid.
- With the AS 1200 we have a work reduction of approx. 80%.
